This is to certify that

Oussama Dimassi

Has attended The workshop on Safety and Legislative Aspects of
Food Contact Materials
Delivered By Dr. Gordon Robertson

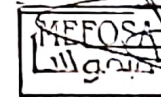

MEFOSA believes that safe food and feed are a prerequisite for sustainable development, and that the Arab Middle East should develop its own food safety prerequisites in full recognition of its won socio-economic priorities, and in harmony with the international standards and norms, while respecting the culture, family values and quality of life throughout the MENA region.
